Additional information

Description of unit:

The Viper-x20A-T4G-P12-HV consists of managed 20 port routing switches optimized for the needs of the railway rolling stock market. PoE ports offer effective powering of end-devices. Gbps ports cope with high bandwidth devices such as access points and NVRs (Network Video Recorders)

Note: x in the model's name is either 1 or 2, indicating the software class and has no impact on safety.

The product fulfils the requirements of EN 61010-1:2010+A1.

On-site verification of the production line testing according to Annex F was excluded.

Date: 18 April, 2024

Signature:

A handwritten signature in blue ink, appearing to read 'Anam Li', is written over a light blue horizontal line.
