Last Time Buy for RedFox 5528 MV versions

RedFox-5528 product range is an active product range early in its product lifecycle. As such, new models are still being added to the range. With the introduction of RedFox-5528 HV models the RedFox-5528 MV models have become redundant and can in vast majority of use cases be replaced with other variants. Accordingly, RedFox-5528 MV will be phased out.
